EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Christine M. Szwerc on 03/30/05. The application has been amended as follows: The amended claim 1 is further amended by adding a disclosure, "situated allowing air flow passage, the evaporator" in line 1 between the words "merchandiser" and "comprising".

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: Claims 1, 4, ~~5~~ and 12 are allowable because the prior art of record fails to disclose or suggest or teach the recited air flow into the evaporator initially passes the second fin and tube heat exchanger coil and subsequently passes across the first fin and tube heat exchanger coil (See claims 1 and 5); first heat exchanger being a non-finned tube coil heat exchanger; and a second heat exchanger having a refrigerant inlet and a refrigerant outlet, the inlet of the second fin and tube heat exchanger coil connected in refrigerant flow communication with the outlet of the first heat exchanger, the second heat

exchanger being a fin and tube heat exchanger coil having a fin density of at least 6 fins per inch (See claim 4); circulation air from the product display area first through the second section of the evaporator, thence through the first section of the evaporator and thence back to the product display area of the refrigerated merchandiser; and maintaining the second section of the evaporator at a temperature greater than 32 degree F (See Claim 12).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mohammad Ali whose telephone number is 703-308-5032. The examiner can normally be reached on Monday to Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Esquivel Denise can be reached on 703-308-2597. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
